Attention: The Board of Directors

Dear Sirs,

I believe that CDIC's current deposit insurance limit of \$60,000, set in 1983, is inadequate, as it has not kept up with inflation over the years. Deposit insurance is a critical component of my investment decisions and the current limit is too low to provide sufficient coverage for my deposit needs.

As you are aware many provinces have higher limits for their insured deposits and I feel that CDIC should bring its coverage more in line with provincial levels. On this basis I request that the board of directors of CDIC review its current deposit insurance and set a higher limit that is at least \$100,000 and which comes into effect as quickly as possible.

Thank you for your consideration.

Sincerely,

Signed: _____
